Online beneficiary designation reference guide

Overview

The beneficiary designation process is for US participants only and can be completed on <u>etrade.com</u>. The beneficiary designation process is associated with the Transfer on Death designation that allows for US participants to transfer assets to their beneficiaries upon the account holders death. For non-US participants, please refer to the estate laws for your country.

What is a beneficiary?

A beneficiary is a person or other legal entity who receives money or other benefits from a benefactor. With regards to your E*TRADE accounts, this is the person or legal entity to whom your E*TRADE assets will be transferred upon your passing, pending any obligations or other legal factors that would restrict the transfer.

Why should I designate a beneficiary?

The transfer on death registration can make your estate administration quicker and less expensive. Upon your death, the beneficiary (or beneficiaries) you designate would work with E*TRADE personnel to have the assets transferred to them.

Can I designate a beneficiary for my stock plan account(s) and any other brokerage accounts?

Yes. You can designate a beneficiary (or beneficiaries) for your stock plan and any other brokerage account(s) but it needs to be done separately for each account¹. Designating a beneficiary for one account does NOT automatically apply that designation to your other account(s).

$\overset{\bigcirc}{\frown}$

Can I add a beneficiary to a *joint account* through the online process?

No, a beneficiary (or beneficiaries) can only be added to an *individual account* through the online process. If you would like to add a beneficiary to a joint account (which can only be done for Joint Tenants with Rights of Survivorship accounts), please use the <u>TOD Registration Request Form</u> and note that signatures from both account owners are necessary to complete the process. If you have any questions, call customer service at 800-838-0908.

1. Stock plan accounts and their "Companion" retail brokerage accounts are viewed as one account and therefore a beneficiary (or beneficiaries) can be assigned to both at the same time.

Steps to designating your beneficiary

Step 1: Log on with your user ID and password to etrade.com.

Step 2: Navigate to My Profile under the user icon at the top right of your screen.
